29 You have successfully subscribed to the Satoshi FX Strategy. There won't be any more work required and everything will passively run on your account.

Change Investor Account Settings

Want to change something in your investment account? Then you can access your account settings via the following way.

Note: Be careful changing risk. Trading carries high risk and by improving the Risk Ratio you are to make higher profits but also able to lose the factor you apply.

- 1 Go to "PAMM" and click on "My Accounts".
- 2 Click on the left three dots to go to the Investor Account Settings.

Thank You.

We are appreciative of your attention and interest in our solution.
